Environmental Policy Statement

The Board of Directors of Damper Technology Ltd are fully committed to minimizing the “environmental impact” of our business activities via:

MINIMISING ENVIRONMENTAL IMPACT

The company’s operations shall be controlled to minimize as far as is reasonably practicable any risk of adversely affecting the environment.

POLLUTION PREVENTION

The company shall take positive action on the prevention of pollution and on all environmental issues within the company’s control in order to preserve the environment.

LEGISLATIVE COMPLIANCE

The company shall comply with all applicable environmental legislation and applicable local statutory authority guidelines.

CONTINUOUS IMPROVEMENT

The company shall continue to develop its environmental system and practices in order to achieve higher standards of operation by providing the framework for setting and reviewing environmental objectives and targets.

DOCUMENTATION

The company shall establish, document, implement and maintain the environmental management system in accordance with the requirements of the relevant environmental standard (s).

TRAINING

The company shall commit to provide its workforce with relevant education and training necessary to comply with company policy and best practice.

COMMUNICATION AND INFORMATION

The company shall provide information on its’ environmental commitment through regular reviews, communication to all persons working for or on behalf of the organisation. This policy is available to clients and the public on request or via the company’s website.

Mark Hancock
Managing Director
